DEDICATION

We, the Class of '85, would like to take this opportunity to dedicate our Yearbook, Stepping Stones, to Dr. Paul Susen, Dean of Academic Affairs.

Dr. Susen, in the relatively short time that he has been at our institution, has made many contributions and has become a valuable asset to the Administration, Faculty, Staff, and the students as well.

Dr. Susen's high standards of quality education are perhaps part of the reason that our Community College has maintained the excellent reputation that it has. His enthusiasm and drive are evident in every aspect that he encompasses.

At this time, we proudly and gratefully express our appreciation to an outstanding professor, a knowledgeable administrator and a compassionate human being. Thank you Dr. Susen.

Dear Graduate,

Congratulations to the Class of 1985! Your graduation from Mount Wachusett Community College says something significant about you. It says that you are capable of setting a long-range goal and achieving that goal. It also says that to do this you made a number of choices. You chose to focus on your studies, no matter how many distractions and obstacles presented themselves. Your professors and administrators at the Mount, as well as your families and friends, are proud of your success.

As you leaf through the pages of this yearbook, my hope is that memories of your time at Mount Wachusett Community College will come flooding back to you. And please remember that we are eager to continue our association and assistance throughout the years ahead.

Sincerely,

Dear Graduate:

Once again I say farewell and best wishes to another graduating class, the twentieth in the history of the college.

I congratulate one and all for your achievements and perseverance. You have ample reason to be proud of your successful arrival at another plateau in your career as you move along in the path of life. I hope your memories and experiences here have been rewarding and fruitful. My memories of your class have been very positive and exciting. I know I also speak for all my colleagues in the Division of Student Personnel Services.

I frequently lament the fact that we are just a two year institution because one hardly gets to know you before you move along. Some of you are grandparents, parents, as well as the usual younger students who came to the MOUNT directly from high school. You now join the ranks of more than six thousand alumni(ae) of the college in the rather brief twenty one years of our existence. I hope you will continue your interest in the college by participating in the Alumni activities. The future of the college and our students is very dependent on your support and loyalty. Very shortly you will be regularly receiving Alumni newsletters. Keep us informed on your activities, marriages and addresses; we very much value your help and loyalty.

I bid you Godspeed with much pride and every confidence that your future will be personally rewarding and fulfilling. Keep in touch and please come back to see us often.

Sincerely yours,
John P. Hogan
